

INDIANA CRIMINAL JUSTICE INSTITUTE
BOARD OF TRUSTEES MEETING
JUNE 20, 2006
Meeting Start Time 3:20 PM

Attendance: Jason Barclay (Chairman); Sheila Carlisle; Susan Carpenter; Steve Carter; David Donahue; Dick Good; Steve Johnson; Larry Landis; Russell Ricks; Jane Seigel; Mark Stuaan; Paul Whitesell; Gary Secrest

- The meeting was called to order and opening remarks were given by the Chairman of the Board, Jason Barclay.
- The Board reviewed the Minutes from the March 24, 2006 meeting and the May 12th meeting. The following errors were noted:
 1. Mark Stuaan's name was misspelled on the March 24th set of minutes.
 2. The Youth Committee's report omitted two grants from the spreadsheet that was handed out to the board at the March 24th meeting. The record should reflect that 17 grants were approved, 16 were denied, and 7 were deferred.
 3. The name of the proxy for Commissioner Donahue was misspelled on the March 24, 2006 minutes and should be corrected.
- Judge Good moved to accept the minutes as amended, Susan Carpenter seconded. The Board voted unanimously to approve the minutes as amended.

Chairman's Report – Jason Barclay

- He updated the Board on three initiatives from the governor's office.
 - Meth Initiative
 - A National Report published on June 19, 2006 showed that Indiana had a 19% reduction in the number of Lab Seizures from 2005. This number is somewhat misleading, in that the Meth Initiative in the state did not really get going until Mid-2005.
 - The Drug Testing backlog will be eliminated this month.
 - DNA Initiative:
 - The requirement that DNA be collected from all felons in the state has gone unmet because there was not a mechanism in place to collect DNA from felons who were not apart of the Department of Corrections system.
 - Starting July 1, funding will be available to fulfill that requirement and we will have a mechanism in place to collect DNA from every felon in the state to completely populate the DNA databank.
 - We will be collecting between 25 and 30 thousand DNA samples statewide.
 - Indiana Intelligence Fusion Center
 - CJI is one of original members of the Counter Terrorism and Security Council in Indiana. That agency and the Department of Homeland Security has undergone an initiative to start an Intelligence Fusion center in the State.
 - The center will enable various Law Enforcement Agencies to share criminal intelligence. As intelligence is collected the information will be sent to one central location and can then be disseminated to Law Enforcement Agencies around the state to help solve crimes.

Audit Committee Report – Attorney General Steve Carter

- The Audit Committee has met and has undertaken several activities, none of which is complete.
- Tom Boden of the Attorney General's office has been tasked with looking at some of the procedures followed in similar agencies in other states and consulting with the United States Department of Justice as to their view of how other states are doing with respect to Compliance and Procedures.
- The Audit Committee has consulted the State Board of Accounts concerning their ongoing audit, which will not be completed for several weeks. The committee thinks it would be best to wait on the final report from the State Board of Accounts before starting any procedures.
- There are some structural suggestions that the board could consider. John von Arx has worked with the committee to come up with some specifics.
 - John von Arx – Structural Suggestions
 - Explained that the current organizational structures and provided the Board with a proposed organizational chart, which changed several executive level positions.
 - Recommends that the Traffic Safety Division have a subcommittee to help connect with the Board of Trustees.

- Explains a draft of a Process flow Chart for the grant review process and suggested that the process be followed by the agency and the board.

Drug and Crime Control Division Report – Judge Good

- The Drug and Crime Control Division will supplement this report with a written one.
- The Committee met on June 1, 2006 to review grant applications and to consider staff recommendations.
- 11 JAG/BYRNE grants were approved, for a total of \$1,112,478.00. They are as follows:

Johnson County Prosecutor

South Central DTF
Regional Gang TF

- A grant request from Knox County was denied as it did not meet the definition of a legal applicant; the staff will work with them to find a legal applicant.
- The Drug and Crime Control Division is making a major move in their grant cycle in order to make the review process more efficient.

Victim Services – Mark Stuaan

- The victim services committee met on June 2, 2006 to review the staff's recommendations concerning a little over 240 grant applications for the VOCA and STOP grants.
- At that time the committee formed recommendations to accept, deny, or defer applications. The Committee then met again on June 20, 2006 to reconsider some of the recommendations made at the June 2nd meeting.
- On June 2, 2006 the committee recommended to approve the Delaware County, Family Services of Delaware County grant award in the amount of \$83,325.00. That recommendation was based on the committee's understanding of what they had received in 2005. During the June 20th meeting it was brought to the attention of the committee that the information provided was incorrect. The committee would like to change their recommendation of \$83,325.00 to \$105,701.00.
- The Victims Subcommittee recommended that the board approve the grants listed in **Exhibit A**.
- The Board voted to award the grants recommended for approval by the victim services subcommittee.
- The Subcommittee reviewed some of the VOCA applications it chose to deny at its June 2nd Meeting. The committee's new recommendations are as follows:

Victim Services

<u>Amount</u>	<u>Applicant</u>	<u>Project Title</u>
\$2,190.00	Allen County	Fort Wayne Sexual Assault Treatment Center

- Mr. Stuaan submitted the list of reconsidered recommendations for the Board's approval.
- The Board voted to approve the reconsidered list.
- For the last two years the staff has worked hard to help provide training and information to applicants and potential applicants. Part of the process this year was dealing with late applications and incomplete or unclear grants. The staff will continue to communicate with applicants and will not accept late applications in the future.

Youth Division – Susan Carpenter

- The State Advisory Group met on May 25th and the committee met on June 20th. The State Advisory Group is short on members, especially youth members. The Committee would appreciate it if the chair would submit a letter to the Governor requesting more members be appointed.
- The Youth Committee voted to approve the State Advisory Group's policy, recommending that the board allow three members of the State Advisory Group to approve sponsorships up to \$5,000.00. The availability of the sponsorships will be advertised. That group will also have the authority to take action on deobligating or reverting funds.
- The Youth Division will be eliminating their proposal process because it provides an unfair advantage to the continuation applicants.
- The Youth Division will be changing their grant submission timelines to facilitate the review process within the agency.
- A little under \$34,000.00 of Title II funds will be used to print ICJI publications.
- Any further reverting funds will be used for the deferred grants (New Albany and Floyd Counties).
- \$2.6 Million of the Safe Haven grant has been found and will be available for future Safe Haven Funding.
- There were three grant proposals that were not presented to the State Advisory Group. Those agencies are being notified and will be given a chance to re-submit.
- The Youth Division has, for several years, been serving as a fiscal agent for a line item in the state budget known as Project Impact. The program was originally administered by FSSA, but legislation moved it to CJI. CJI has no approval, disapproval, or any other power with regard to that grant. Staff and OMB did a site visit and the program is up and running.
- The Board approved the Youth Division's Report.

Special Presentation, Performance Measures – Jason Hutchens and Kenna Quinet, IUPUI Urban Center

- CJI doesn't just deal with grants, it is also the state statistical analysis center for Indiana. CJI's research division has worked closely with the Center for Urban Policy and the Environment to develop performance measures for the various programs within the agency.
- **Kenna Quinet:** In order to develop the performance metrics for each of the programs we looked at the Federal Regulations, the Agency, Division, and Governor's priorities and we reviewed every grant proposal in the office.
- CJI is the first Statistical Analysis Center to have comprehensive performance measures for every single one of the funding streams that comes into the SAA .
- It's not enough to provide grantees with performance measures and expect them to adhere to them. We now have legislation in place that will ensure that grantees continue to report. The law says that CJI can revoke funding from one program if another program does not report.
- Sam Nunn from the Center will be back in September.

Governor's Recommendation for a new Executive Director – Jason Barclay

- The Governor is recommending Michael Cunegin for the position of Executive Director. The Board had a chance to meet him and learn about his background during the Executive Session. The following is a brief outline of his qualifications:
 - 25 year, 10 month career at the Fort Wayne Police Department. He was promoted to Sergeant; Detective in the Vice and Narcotics unit; Hostage Negotiator; three time elected member of the Allen County Council; President of the Allen County Council from 2001 – 2003; President of the Association of Indiana Counties; Current President of the Indiana Association of County Councils; President of the Allen County Solid Waste Board; Third Vice President of Indiana Counties; O'Bannon appointee on the Commission on the Social Status of Black Males; Member of the Allen County Community Corrections Board; Member of the Board of Stop Child Abuse and Neglect; Member of Drug and Alcohol Consortium Award Board; Member of the Governor's Commission for a Drug Free Indiana.
- The Governor asks that the Board approve Mike Cunegin as the New Executive Director.
- Commissioner Donahue made a motion to adhere to the Governor's recommendation, Steve Johnson seconded the motion. The motion passed in a unanimous vote.
- The Board also voted to recognize John von Arx for the hard work he put in as Interim Director.
- The Board decide to meet more frequently and tentatively scheduled a July 24th or July 25th as their next meeting.

The meeting was adjourned.
